• Demos

Pre-rendered Advertising via Windows & Android (MPV-Player)

Pre-converted Movie Scenes via Windows & Android (MPV-Player)

Pre-converted Game Scenes via Windows & Android (MPV-Player)

Interactive Car Dashboard via UNITY Plugin

Interactive UNREAL & UNITY Demos via Plugins

Interactive 3D (CAD-) Data via gITF Sample Viewer

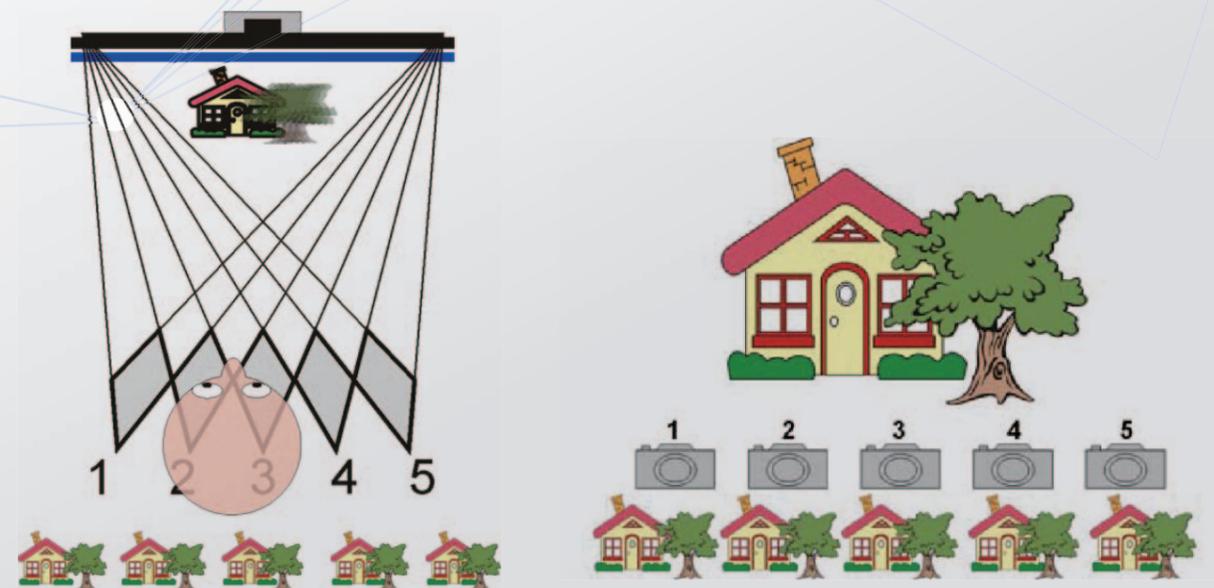

• Auto-Stereoscopic 3D Technology

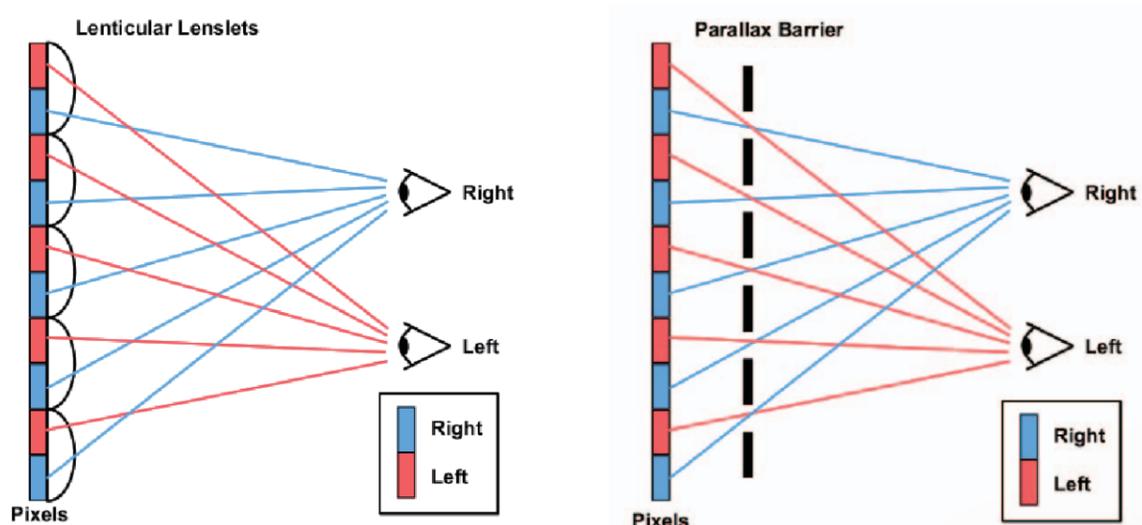

• Basics on Auto-Stereoscopic 3D

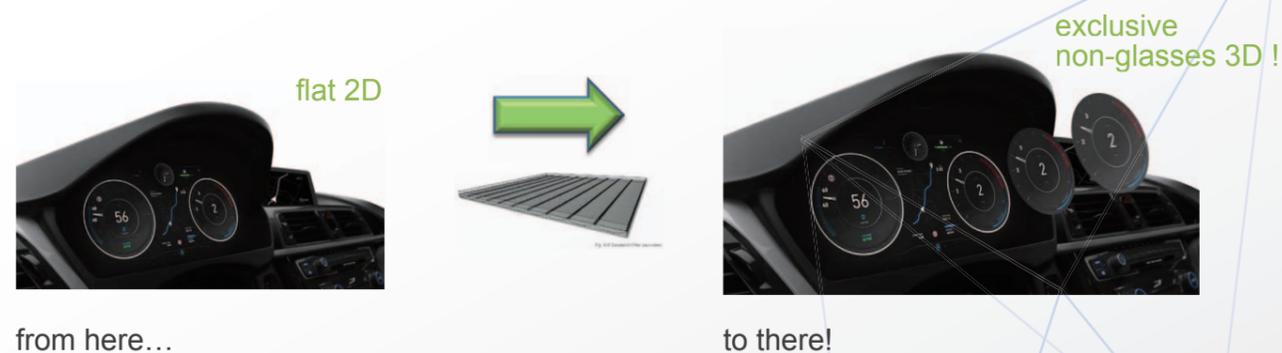

- ✓ 3D perception by providing a slightly different viewing perspective to your left and to your right eye.

✓ How can a display send different pictures in different directions?

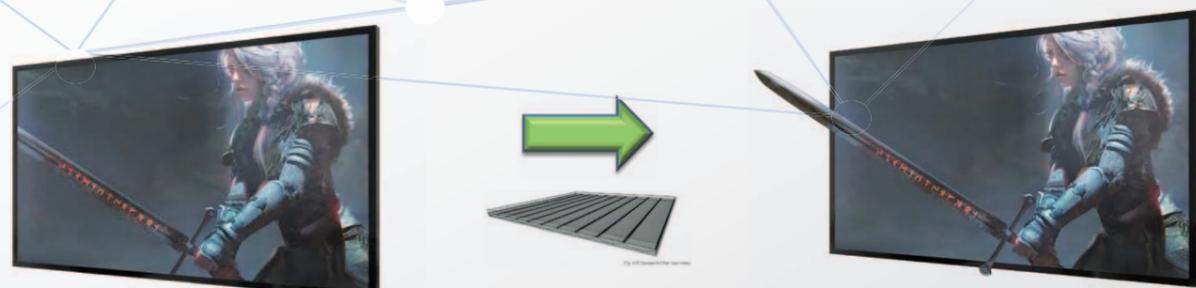

✓ We deliver all which is needed to get your digital car dashboard

And this without influencing the product's full 2D functionality!

• AS3D Transformation - you demand, we deliver.

✓ We deliver all which is needed to get your products

from here...

to there!

And this without influencing the product's full 2D functionality!

• Target applications.
